

# Typical pipeline Markers

Revision No 19.11

*Watch out - there's a pipeline about!*

**Awareness and preparation is the key to safe excavation**

## Typical pipeline markers

BPA marker post

CATS marker post

CLH marker post

ConocoPhillips marker post

EP Langage marker post

Essar marker post

Esso marker posts

EON marker post

Humby Grove Energy post

IGas marker plate

Ineos marker post

Mainline marker post

Marchwood Power marker post

MJL marker post

National Grid marker post

Oikos marker post

Petroneos marker post

SABIC marker post

Total marker post

UNIPER marker post

## Useful pipeline enquiry sites

[www.LSBUD.co.uk](http://www.LSBUD.co.uk)

for free, quick online search of proposed work location

[www.linewatch.org.uk](http://www.linewatch.org.uk)

for links to individual pipeline websites

# Typical pipeline aerial markers

Essar aerial marker

Esso & MLP aerial marker

CLH aerial marker

National Grid Gas aerial marker

Each operator has similar aerial markers to left

## Other warnings

### IMPORTANT

Marker posts only denote the presence of our pipelines. Never presume that the pipeline runs in a straight line between marker posts as there could either be a bend or the posts may have been moved without our knowledge.

**DO NOT PRESUME ANYTHING; TELEPHONE OUR AGENTS AND WE WILL SEND SOMEONE TO VERIFY EXACTLY WHERE THE PIPELINE IS SITUATED.**

When the pipeline route has been located it will be marked with location pegs.

Post warning marker

Pole warning marker

*Beware* of posts with brass studs (such as the post above) which have cables connecting to the pipeline below.

### CAUTION

THIS STRUCTURE IS IN CLOSE PROXIMITY TO A HIGH PRESSURE OIL PIPELINE. BEFORE COMMENCING ANY EXCAVATION WORK PLEASE CALL

**FREEPHONE 0800 XXXXXX.**

You may find signs such as these on apparatus close to the pipeline.

Sometimes metal studs are used in roads and pathways

Stile warning marker

New design marker post

### STANDARD SYMBOLS ON MARKER POSTS

Standard symbols will include **operator** or **pipeline contact** or **emergency number**.

Other information is specific and holds details for the **emergency services**.

### WARNING PIPELINE OFFSET BEHIND MARKER

The markers may not always be directly over the pipeline. In which case an additional warning sticker will indicate the direction of off-set.
